**Spaulding made a motion to approve the list of poll works and counters, 2<sup>nd</sup> by Stata, all in favor.**

### 4. Other Business:

Jensen had discussion; would like to look into purchasing tabulators for elections.  
Murray had discussion; this has been discussed in the past. Tabulators are very expensive, ballots will have to be printed at a printer along with shipping costs. Also the tabulators have to be collaborated before each election.

**Jensen made a motion to look into purchasing tabulators, 2<sup>nd</sup> by Stata, all in favor.**

Stata had discussion; there may be poll watchers present at this election, board of civil authority/poll workers need to be aware of the rules/responsibilities pertaining to poll watchers. Murray will provide the poll works with this information.

Baffles:

Turner had discussion; baffles have been made to help with buffering (noise reduction) during the process of counting of the ballots. Those counting should limit personal conversation.

Murray had discussion; expects very high numbers for this election. Additional ballot counters have been added to this election. Murray requests that, everyone working comes with the understanding that this will be a very long night and requests slow and steady work.

**Spaulding made a motion to adjourn, 2<sup>nd</sup> by Tudhope, all in favor.**

Respectfully submitted: Michele Murray-Isle La Motte Clerk
