I wish I wasn't having to write this email to you folks. In my 30+ years of serving this County I have never seen Law Enforcement at such a record low of staffing.

I just had another full time employee resign which leaves me with two full time and one very part time sworn deputies.

I have advertised for full & part time positions and have had no interest to speak of. This issue is state & nation wide.

Between social media, media and new laws no one wants to do law enforcement any longer.

With that being said, we can not full fill all the contract hours. We will bill at the end of the month for actual hours of service.

Staff will be scheduled Monday-Friday 7am - 5pm when able. We will try and do Saturday day-shift when possible.

The deputies will be working over their 40 hour work week on a regular basis to provide services. This will trigger overtime rates for those hours which will be included in the monthly bill.

I have no choice with the billing overtime rate because the dept would lose money because of fuel etc.

I have been in contact through the decline of staffing with State Police to ensure County coverage is met.

I am trying my best to recruit and get back to full staffing. There is so much negatively surrounding Law Enforcement currently nationally.

Please feel free to contact me directly with questions.

Sincerely

Ray
